

# Time Saving Resources

## Know the Complications of Diseases & Vaccines

NVIC has been dedicated to preventing vaccine injuries and deaths through public education since 1982. We defend the ethical principle of informed consent to medical risk taking and do not make vaccine use recommendations or provide medical or legal advice.

NVIC advocates for voluntary vaccine decision-making and the inclusion of informed consent protections in U.S. public health policies and laws, including flexible medical, religious and conscientious belief vaccine exemptions.

Visit NVIC's [Disease and Vaccine](#) webpages to learn more. Visit NVIC's [Vaccine Reporting](#) webpage to report vaccine reactions, failures and harassment.

## What's Happening In Your State

NVIC monitors vaccine-related legislation at the state and federal level and makes vaccine requirements and exemption information for each state available to the public. [Click here](#) to access your state's vaccine policies and laws.

## Every Dollar You Give Makes a Difference

For four decades, NVIC has been a flag on the hill for the vaccine injured and all who support the legal right to make voluntary vaccine decisions for themselves and their children. You can make a tax-deductible donation and support our life-saving mission.

## A Guide To Reforming Vaccine Policy & Law

This invaluable guide contains over 240 references and gives an overview of why vaccine safety and informed consent protections should be secured in all U.S. vaccine policies and laws.

[Click to access the guide.](#)

## Protect Vaccine Choices

Register for the free online [NVIC's Advocacy Portal](#) and protect the legal right to make voluntary vaccine choices in your state. The portal provides users with action alerts, talking points, analysis for vaccine related bills introduced in state legislatures, and electronically links you to your elected officials so you can take action to protect the human right to exercise informed consent to vaccination.

## Frequently Asked Questions

Visit NVIC's [Frequently Asked Questions](#) (FAQs) for answers and links to commonly asked questions on vaccine science, policy and law, including topics like adult and employee vaccine mandates, emergency use vaccines, and vaccine injury compensation.
